EACH PROGRAM PROVIDES 7.25 CONTACT HOURS
Dear Perianesthesia Colleagues,

One of the greatest challenges of ASPAN’s Education Provider Committee is to provide classes that are current, non-repetitive and one step ahead of our everyday practice. By building our programs on a solid foundation and looking toward future possibilities of presenting online and on-demand web offerings, ASPAN and the Education Provider team are doing exactly that. Yet, a need exists for many of our valued members and colleagues to have face-to-face interaction with a speaker and others attending a live seminar. There is value to personal interaction, dialoguing with other attendees and sharing common workplace dilemmas.

Because perianesthesia nurses are as unique as our work environments, continually updating our knowledge and skills is imperative to maintain the quality of care our patients and their families not only require, but also so richly deserve. Perianesthesia nurses must know a lot about some things and something about a lot of things. Only through continually renewing and expanding our knowledge base is this reality possible. Achieving this goal depends on having the most current information available when we seek out learning and growth opportunities.

ASPN Seminars offer current topics for all nurses practicing in any area where preanesthesia, preoperative, postanesthesia, pain management and post-sedation care are delivered. Current trends in safety, advocacy, legal implications, standards and practice recommendations, education, clinical practice and research are addressed.

As we head into the holiday season this year, I encourage you to give yourself the gift of educational opportunity. Learn from not only the instructor presenting your seminar, but also from your colleagues in attendance. Talk with each other, seek clarity, and challenge each other’s perspectives. Perhaps Oliver Wendell Holmes had it right when he said, “Man’s mind, once stretched by a new idea, never regains its original dimensions.”

Current ASPAN programs selected for this season include:
- Foundations of Perianesthesia Practice
- Pediatrics: Beyond the Basics
- Pediatrics: Little Bodies, Big Differences
- Perianesthesia Certification Review
- Perianesthesia Pathophysiology and Assessment: A Systems Approach
- Safety Begins With Us
  - Refreshing Your Perianesthesia Practice
  - Surrounding Your Practice With Excellence: Legalities, Standards and Advocacy

Regardless of how long you have been engaged in the art and science of perianesthesia nursing, ASPAN has a wide spectrum of seminars that are designed specifically with your needs in mind. Happy learning and happy holidays!

Sincerely,

Susan Carter BSN RN CPAN CAPA
ASPN President 2012-2013

Towering Opportunities: Endless Possibilities

Coffee and tea service will be provided in the morning. You are on your own for lunch.

General Information
American Society of PeriAnesthesia Nurses (ASPN) is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation. Accreditation does not imply that ASPAN or ANCC-COA approves or endorses any product included in the activity. Additional provider numbers: Alabama #ABNP0074; California #CEF5197; Florida #50-114.

Register EARLY!
- Registration will close two days prior to the seminar date. (For a seminar that occurs on Saturday, registration will close at midnight on Wednesday.) Please call the National Office after this time for registration information.
- Registration is limited and taken on a first come, first served basis.
- A seminar will be closed when registration capacity is reached.
- Please note that registration cannot be accepted or processed unless accompanied by appropriate tuition payment. Please keep this in mind if applying to your facility for payment of the registration fee. Do so in a timely manner.
- Onsite registration is not recommended. If you do choose to register onsite, you must first contact ASPAN at (877) 737-9696, Extension 19, to be certain that the seminar is still scheduled and that space is available. No handouts will be provided to onsite registrants. You will be able to print the handout for one week following the seminar date.
- ASPAN reserves the right to substitute speakers if necessary.
- Please dress in layers to accommodate the room temperature.

Handouts
A printed syllabus will not be provided. A link to the handout will be on your statement and will be sent to you in an emailed confirmation letter, upon your registration. It is your decision to print all or part of the handout and bring it with you, or to download the material to your computer. The handout link will be available one week prior to the seminar and will remain available for one week following. Wi-Fi will not be available the day of the seminar.

Hotel Reservations
ASPN does not reserve room blocks. ASPAN will only suggest hotels in the area.

Special Assistance
In accordance with the Americans with Disabilities Act, please advise ASPAN when registering if you have any disability that requires special materials and/or services so that appropriate personnel can be notified.
